YOUR STORY

> Reshare Signature's announcement, then add: "New chapter: Signature Ambassador. Get your Signature images ↓" with a link sticker to your page.

HOW TO ROLL IT OUT

- **Day 1:** Signature posts your announcement card and carousel and tags you. Share both to your story with a link sticker to your page.
- **Within 24 hours:** post your own announcement (caption above) with the card plus 2–3 of your favorite Signature images in different looks.
- **Every week after:** add your link to any post where someone compliments your photos. That's your best opening.
